<p>The proposal is to install a MUGA area (to section off a designated sports' area) that will have specific markings on the ground and a suitable surface for a variety of sports to be carried out. This area will be in the Key Stage Two Playground which is in great need of development. The area will be sectioned off so that other games/ activities can take place in the other areas of the playground, ensuring that the children have access to a variety of different sports and activities throughout the day. Additionally the project will aim to also develop a garden area to teach children how to grow fruit and veg and encourage a healthier lifestyle and will work with local organisations to generate wider use of the playground.</p>
